Art Curriculum Road Map

In EYFS, Art is taught through expressive arts and design. In Key stages 1 and 2, art and design lessons have cross-curricular links to the topics being taught in literacy, history, geography and science.

KS1 pupils are taught to develop their ideas, experiences and imagination. They develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space. KS2 pupils improve their mastery of art and design techniques, including painting with a range of materials.

Drawing and Understanding Proportion
